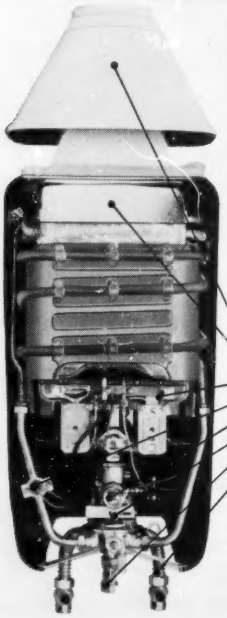
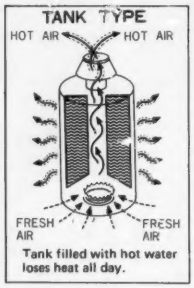
COMPLIES WITH NATIONAL SAFETY STANDARDS · AMERICAN GAS ASSOCIATION · DESIGN CERTIFIED

**The Paloma® Constant-Flo Gas Water Heater is the first of its type to be design certified by the American Gas Association (A.G.A.).**





**Tank System:**
- Wastes precious, costly fuel keeping the tankful constantly heated.
- Produces higher fuel bills.
- Erratic water temperature in prolonged use . . . hot water turning to warm water turning to cold water.
- One or two hour wait for another tankful of hot water.

- ***INSTANTANEOUS:*** Heats water when you need it.
- ***TANKLESS:*** Hot water on demand.
- ***CONTINUOUS:*** Hot water never runs out.
- ***COMPACT:*** Like a suitcase.

***NO TANK MAKES NO STANDBY HEAT LOSS. SAVES ENERGY.***

# Mother Nature can supply you with all the fresh, pure water you'll ever need... *FREE!*

OVER 30,000 SOLD!

*Drill your own water well!*

Did you know that vast quantities of fresh, sparkling clear water lie within 200 feet of the surface of the ground almost everywhere? To tap this great gift from Mother Nature, 195,380 wells were drilled in the U. S. A. last year.

The cost of having a water well drilled by a commercial driller ranges from $5 to $25 per foot.

**NOW YOU CAN DRILL YOUR OWN WELL FOR LESS THAN $1 PER FOOT**

With a HYDRA-DRILL, you can drill your own water well 50-100-200 feet deep. It's as simple to operate as a power lawnmower. Thousands of HYDRA-DRILL water wells have already been drilled by families who are now enjoying an abundance of pure, fresh FREE water.

**SEND FOR FREE INFORMATION**

Find out how you can cut your water bill 100% by drilling your own well. Let us send you our HYDRA-DRILL information kit. It's FREE—there's no obligation.

Don't wait for the next drought or a big increase in your city water bill. Call or write TODAY! DeepRock Mfg. Co., Opelika, Alabama 36802.
